

LAZARD LTD REPORTS SECOND-QUARTER AND FIRST-HALF 2017 RESULTS

Record quarterly and first-half operating revenue for both businesses

Record assets under management (AUM) of \$226 billion

Returned \$493 million of capital to shareholders in first half of year

NEW YORK, July 27, 2017 – Lazard Ltd (NYSE: LAZ) today reported record quarterly operating revenue¹ of \$720 million for the quarter ended June 30, 2017. Net income, as adjusted¹ and excluding pre-tax charges², was \$130 million, or \$0.98 (diluted) per share for the quarter. Second-quarter 2017 net income on a U.S. GAAP basis was \$120 million, or \$0.91 per share (diluted).

First-half net income, as adjusted^{1,2}, was \$240 million, or \$1.81 per share (diluted). On a U.S. GAAP basis, first-half net income was \$228 million, or \$1.72 per share (diluted).

"Lazard's record operating revenue underscores the power of our model and the global breadth and depth of our franchise," said Kenneth M. Jacobs, Chairman and Chief Executive Officer of Lazard. "We advised business and government leaders on a wide variety of strategic and financial matters around the world. Asset Management achieved a record level of AUM by providing diverse, sophisticated investment solutions for a global, primarily institutional client base."

OPERATING REVENUE

Operating revenue¹ was a quarterly record of \$720 million for the second quarter of 2017, and a first-half record of \$1,345 million for the first half of 2017, up 33% and 28%, respectively, from the 2016 periods.

Financial Advisory

In the text portion of this press release, we present our Financial Advisory results as 1) M&A and Strategic Advisory (M&A Advisory, Capital Advisory, Sovereign Advisory, Shareholder Advisory, Capital Raising, and other advisory work for clients), and 2) Restructuring.

Second Quarter

Financial Advisory operating revenue was a quarterly record of \$411 million for the second quarter of 2017, 43% higher than the second quarter of 2016.

M&A and Strategic Advisory operating revenue was a second-quarter record of \$323 million for the second quarter of 2017, 50% higher than the second quarter of 2016.

During the second quarter of 2017, Lazard was engaged in highly visible, complex M&A transactions and other advisory assignments, including cross-border transactions, spin-offs and distressed asset sales, as well as sovereign, capital and shareholder advisory in the Americas, Europe, Australia, Africa and Asia.

Among the major M&A transactions that were completed during the second quarter of 2017 were the following (clients are in italics): *Johnson & Johnson's* \$30 billion acquisition of Actelion, with spin-out of Idorsia, a new R&D company; *Danone's* \$12.5 billion acquisition of WhiteWave; *United Arab Shipping Company's* \$12.5 billion combination with Hapag-Lloyd; and *Alinta Holdings* on the sale of Alinta Energy to Chow Tai Fook Enterprises.

Transactions on which we continued to advise during or since the second quarter include: *Dow Chemical's* \$130 billion merger of equals with DuPont; *Reynolds American* on the \$49 billion recommended offer from BAT for the remaining 57.8% of Reynolds; *Great Plains Energy's* \$14 billion merger of equals with Westar Energy; *Safran's* €8.7 billion acquisition of Zodiac Aerospace; and *LVMH Moët Hennessy Louis Vuitton's* €6.5 billion acquisition of Christian Dior Couture.

Our Sovereign and Capital Advisory services remained active globally, advising governments and corporations on balance sheet matters, financing strategy and capital raising.

Restructuring operating revenue was \$88 million for the second quarter of 2017, 22% higher than the second quarter of 2016. The increase primarily reflected the closing of several large assignments. During or since the second quarter of 2017 we have been engaged in a broad range of highly visible and complex restructuring and debt advisory assignments, including publicly announced roles for: *CGG*, *Gymboree*, *J.Crew*, *Nine West* and *Takata*.

Please see M&A transactions on which Lazard advised in the second quarter, or continued to advise or completed since June 30, 2017, as well as Capital Advisory, Sovereign Advisory and Restructuring assignments, on pages 8–11 of this release.

First Half

Financial Advisory operating revenue was a record \$747 million for the first half of 2017, 35% higher than the first half of 2016.

M&A and Strategic Advisory operating revenue was a record \$571 million for the first half of 2017, 30% higher than the first half of 2016.

Restructuring operating revenue was \$176 million for the first half of 2017, 53% higher than the first half of 2016.

Asset Management

In the text portion of this press release, we present our Asset Management results as 1) Management fees and other revenue, and 2) Incentive fees.

Second Quarter

Asset Management operating revenue was a quarterly record of \$307 million for the second quarter of 2017, 22% higher than the second quarter of 2016.

Management fees and other revenue were a quarterly record of \$290 million for the second quarter of 2017, 16% higher than the second quarter of 2016, and 7% higher than the first quarter of 2017. Average assets under management (AUM) for the second quarter of 2017 was a record \$222 billion, 15% higher than the second quarter of 2016, and 8% higher than the first quarter of 2017.

AUM as of June 30, 2017, was a record \$226 billion, up 18% from June 30, 2016 and up 5% from March 31, 2017. The sequential increase was primarily driven by market appreciation and foreign exchange movement, partially offset by net outflows of \$365 million.

Incentive fees were \$17 million for the second quarter of 2017, compared to \$1 million for the second quarter of 2016.

First Half

Asset Management operating revenue was a record \$585 million for the first half of 2017, 19% higher than the first half of 2016.

Management fees and other revenue was a record \$561 million for the first half of 2017, 15% higher than the first half of 2016, primarily reflecting changes in average AUM. Average AUM for the first half of 2017 was \$214 billion, 14% higher than the first half of 2016. Net inflows were \$2.9 billion for the first half of 2017.

Incentive fees were \$24 million for the first half of 2017, compared to \$3 million for the first half of 2016.

OPERATING EXPENSES

Compensation and Benefits

In managing compensation and benefits expense, we focus on annual awarded compensation (cash compensation and benefits plus deferred incentive compensation with respect to the applicable year, net of estimated future forfeitures and excluding charges). We believe annual awarded compensation reflects the actual annual compensation cost more accurately than the GAAP measure of compensation cost, which includes applicable-year cash compensation and the amortization of deferred incentive compensation principally attributable to previous years' deferred compensation. We believe that by managing our business using awarded compensation with a consistent deferral policy, we can better manage our compensation costs, increase our flexibility in the future and build shareholder value over time.

For the second quarter of 2017, we accrued compensation and benefits expense¹ at an adjusted compensation¹ ratio of 56.5%. This resulted in \$407 million of adjusted compensation and benefits expense, compared to \$306 million for the second quarter of 2016. The increase reflected higher operating revenue.

For the first half of 2017, adjusted compensation and benefits expense was \$760 million, compared to \$604 million for the first half of 2016, also reflecting higher operating revenue.

We manage our compensation and benefits expense based on awarded compensation with a consistent deferral policy. Assuming that the performance of both of our businesses, our hiring levels, and the compensation environment are similar to 2016, we expect our 2017 awarded compensation ratio to be in line with the 2016 awarded compensation ratio.

We take a disciplined approach to compensation, and our goal is to maintain a compensation-tooperating revenue ratio over the cycle in the mid- to high-50s percentage range on both an awarded and adjusted basis, with consistent deferral policies.

Non-Compensation Expense

For the second quarter of 2017, adjusted non-compensation expense¹ was \$116 million, 4% higher than the second quarter of 2016. The ratio of adjusted non-compensation expense to operating revenue for the second quarter of 2017 was 16.1%, compared to 20.7% for the second quarter of 2016.

For the first half of 2017, adjusted non-compensation expense¹ was \$224 million, 5% higher than the first half of 2016. The ratio of adjusted non-compensation expense to operating revenue for the first half of 2017 was 16.6%, compared to 20.4% for the first half of 2016.

Our goal remains to achieve an adjusted non-compensation expense-to-operating revenue ratio over the cycle of 16% to 20%.

TAXES

The provision for taxes, on an adjusted basis^{1,2}, was \$55 million for the second quarter of 2017 and \$95 million for the first half of 2017. The effective tax rate on the same basis was 29.6% for the second quarter and 28.3% for the first half of 2017, compared to 28.4% and 28.8% for the respective 2016 periods.

CAPITAL MANAGEMENT AND BALANCE SHEET

Our primary capital management goals include managing debt and returning capital to shareholders through dividends and share repurchases.

For the second quarter of 2017, Lazard returned \$133 million to shareholders, which included: \$50 million in dividends; \$79 million in share repurchases of our Class A common stock; and \$4 million in satisfaction of employee tax obligations in lieu of share issuances upon vesting of equity grants.

For the first half of 2017, Lazard returned \$493 million to shareholders, which included: \$242 million in dividends; \$185 million in share repurchases of our Class A common stock; and \$66 million in satisfaction of employee tax obligations in lieu of share issuances upon vesting of equity grants.

Year to date, we have repurchased 4.3 million shares at an average price of \$43.32 per share. In line with our objectives, these repurchases have more than offset the potential dilution from our 2016 year-end equity-based compensation awards (net of estimated forfeitures and tax withholding to be paid in cash in lieu of share issuances), which were granted at an average price of \$43.42 per share. As of today, our remaining share repurchase authorization is \$170 million.

On July 26, 2017, Lazard declared a quarterly dividend of \$0.41 per share on its outstanding common stock. The dividend is payable on August 18, 2017, to stockholders of record on August 7, 2017.

Lazard's financial position remains strong. As of June 30, 2017, our cash and cash equivalents were \$956 million, and stockholders' equity related to Lazard's interests was \$1,243 million.

These forward-looking statements, which are subject to known and unknown risks, uncertainties and assumptions about us, may include projections of our future financial performance based on our growth strategies, business plans and initiatives and anticipated trends in our business. These statements are only predictions based on our current expectations and projections about future events. There are important factors that could cause our actual results, level of activity, performance or achievements to differ materially from the results, level of activity, performance or achievements expressed or implied by these forward-looking statements.

These factors include, but are not limited to, those discussed in our Annual Report on Form 10-K under Item 1A "Risk Factors," and also discussed from time to time in our reports on Forms 10-Q and 8-K, including the following:

- A decline in general economic conditions or the global or regional financial markets;
- A decline in our revenues, for example due to a decline in overall mergers and acquisitions (M&A) activity, our share of the M&A market or our assets under management (AUM);
- Losses caused by financial or other problems experienced by third parties;
- Losses due to unidentified or unanticipated risks;
- A lack of liquidity, i.e., ready access to funds, for use in our businesses; and
- Competitive pressure on our businesses and on our ability to retain and attract employees at current compensation levels.

ENDNOTES

- ¹ A non-U.S. GAAP measure. See attached financial schedules and related notes for a detailed explanation of adjustments to corresponding U.S. GAAP results. We believe that presenting our results on an adjusted basis, in addition to the U.S. GAAP results, is the most meaningful and useful way to compare our operating results across periods.
- ² Second-quarter and first-half 2017 results were affected primarily by the following charges:
 - Second-quarter 2017 adjusted results exclude pre-tax charges of (i) \$8.9 million of costs associated with the implementation of a new Enterprise Resource Planning (ERP) system, and (ii) \$3.2 million of office space reorganization costs primarily relating to incremental rent expense and lease abandonment costs. On a U.S. GAAP basis, these items collectively resulted in a net charge of \$9.0 million, or \$0.07 (diluted) per share, in the quarter.
 - First-half 2017 adjusted results also exclude post-tax charges of \$3.1 million of acquisition-related items, primarily reflecting changes in fair value of contingent consideration associated with certain business acquisitions. On a U.S. GAAP basis, this resulted in a charge of \$0.02 (diluted) per share in the first half of 2017.

This presentation includes non-U.S. GAAP ("non-GAAP") measures. Our non-GAAP measures are not meant to be considered in isolation or as a substitute for comparable U.S. GAAP measures, and should be read only in conjunction with our consolidated financial statements prepared in accordance with U.S. GAAP. For a detailed explanation of the adjustments made to comparable U.S. GAAP measures, see Notes to Financial Schedules.

LAZARD LTD

Notes to Financial Schedules

- (a) Selected Summary Financial Information are non-U.S. GAAP ("non-GAAP") measures. Lazard believes that presenting results and measures on an adjusted basis in conjunction with U.S. GAAP measures provides the most meaningful basis for comparison of its operating results across periods.
- (b) A non-GAAP measure which excludes (i) revenue related to non-controlling interests (see (i) below), (ii) (gains)/losses related to the changes in the fair value of investments held in connection with Lazard Fund Interests and other similar deferred compensation arrangements for which a corresponding equal amount is excluded from compensation & benefits expense, and (iii) interest expense primarily related to corporate financing activities
- (c) A non-GAAP measure which excludes (i) (charges)/credits related to the changes in the fair value of the compensation liability recorded in connection with Lazard Fund Interests and other similar deferred compensation arrangements, and (ii) compensation and benefits related to noncontrolling interests (see (i) below).
- (d) A non-GAAP measure which excludes (i) for the three and six month periods ended June 30, 2017, expenses associated with ERP system implementation (see (j) below), (ii) for the three and six month periods ended June 30, 2017, expenses related to office space reorganization (see (k) below), (iii) amortization and other acquisition-related costs (see (l) below), and (iv) expenses related to noncontrolling interests (see (i) below).
- (e) A non-GAAP measure which excludes (i) for the three and six month periods ended June 30, 2017, expenses associated with ERP system implementation (see (j) below), (ii) for the three and six month periods ended June 30, 2017, expenses related to office space reorganization (see (k) below), (iii) amortization and other acquisition-related costs, (iv) revenue and expenses related to noncontrolling interests (see (i) below), and (v) interest expense primarily related to corporate financing activities.
- (f) Represents earnings from operations as a percentage of operating revenue, and is a non-GAAP measure.
- (g) A non-GAAP measure which excludes (i) for the three and six month periods ended June 30, 2017, expenses associated with ERP system implementation, net of tax benefits (see (j) below), (ii) for the three and six month periods ended June 30, 2017, expenses related to office space reorganization, net of tax benefits (see (k) below), and (iii) for the three and six month periods ended June 30, 2017 and for the three month period ended March 31, 2017, amortization and other acquisition-related costs, net of tax benefits (see (l) below).
- (h) Effective tax rate is a non-GAAP measure based upon the U.S. GAAP rate with adjustments for the tax applicable to the non-GAAP adjustments to operating income, generally based upon the effective marginal tax rate in the applicable jurisdiction of the adjustments. The computation is based on a quotient, the numerator of which is the provision for income taxes of \$54,664, \$39,924, and \$31,872 for the three month periods ended June 30, 2017, March 31, 2017, and June 30, 2016, respectively, \$94,588 and \$59,526 for the six month periods ended June 30, 2016 respectively, and the denominator of which is pre-tax income of \$184,504, \$150,065, and \$112,229 for the three month periods ended June 30, 2017, March 31, 2017, and June 30, 2016, respectively, \$334,569 and \$206,706 for the six month periods ended June 30, 2017 and 2016 respectively.
- (i) Noncontrolling interests include revenue and expenses principally related to Edgewater, and is a non-GAAP measure.
- (j) Represents expenses associated with Enterprise Resource Planning (ERP) system implementation.
- (k) Represents incremental rent expense and lease abandonment costs related to office space reorganization.
- (I) Represents the change in fair value of the contingent consideration associated with certain business acquisitions.
